Faculty Course Assignment Summary by Department

Winter 2007
Combined Sections
Corrected Version

The corrected reports include the 2006-07 salary adjustments for tenure-track faculty as called for by the contract with the Eastern Michigan University chapter of the AAUP.

This report provides a summary, by department within college, of faculty course assignments for Winter term 2007. The data are taken from the Faculty Course Assignments file, which is accumulated from the Banner extract in the IRIM data warehouse, corrected where necessary. The salary and full time equivalency data are derived from the Faculty Appointments listing, wherever possible and from personnel recommendation forms, payroll records and correspondence with the departments where necessary. The full year equated student data in the Account Totals sections were calculated based on student credit hours by the course level of each section, irrespective of the class level of the students enrolled.

Included in this report are all sections including Continuing Education, along with College summaries and Total University.

The Faculty Course Assignment family of reports were developed to assist the provost, deans, and department heads in the analysis of faculty productivity and instructional cost. For more information about these reports, please read:
